Songbirds singing school runs on Wednesday mornings and helps to develop babies 3 primary senses - sound, sight and touch. With two instrument sessions we look at developing rhythm through action songs and sound games.

Chaffinch group is for 0-18 month old babies and their parents and starts at 11 am. The class is 45 minutes long with a fifteen minute coffee network at the end.

Nightingale group runs from 12-1 pm. and is for 18 month-2 year old children and their parents. The class is 45 minutes long with a fifteen minute coffee network at the end.
